

Coverage Period of Agreement

The Program Start Date reflects the first day of your first module; the Scheduled Program Completion Date reflects the last day of your externship, which takes place after successfully completing the in-class, didactic modules. The coverage period for this enrollment agreement begins upon execution of this agreement and ends upon completion of externship.

Student Right to Cancel

Students wishing to cancel or discontinue their participation in Montes HealthCare College may be entitled to a refund of certain monies paid to their enrolled program. Students shall notify the school in writing of the cancellation of their enrollment agreement and withdrawal from their enrolled program (“Notice of Cancellation”). The letter must include the effective date of withdrawal and the reason for the withdrawal. The Notice of Cancellation may be submitted by any of the following methods:

**Fax - 310-436-7711 | Email – Info@MontesHCC.com
Mail – 555 W. Redondo Beach Blvd., Ste. 108, Gardena, CA 90248**

If the Notice of Cancellation is received by mail, the postage date indicated on the envelope will serve as the effective date of Notice of Cancellation. If received by fax or email, the date indicated on the header of the fax or email will serve as the effective date of cancellation.

Students have a right to cancel and receive a full refund of tuition paid, excluding the Registration Fee, if the Notice of Cancellation is submitted through attendance at the first class session, or the seventh (7) day after enrollment, whichever is later. The Registration Fee is only eligible for refund if the Notice of Cancellation is submitted within three (3) business days from the date the Enrollment Agreement is signed but before the first class session.

Considering the scheduled Program Start Date of this Enrollment Agreement, the Notice of Cancellation must be dated on or before _____ for any tuition paid, excluding the Registration Fee, to be eligible for refund.

Students wishing to cancel their enrollment before completing 60% of the published program term are entitled to a pro rata refund of tuition paid determined by the date the Notice of Cancellation is submitted. The amount of the refund will equal the daily charge for the program (total institutional charge, divided by the number of days or hours in the program), multiplied by the number of days (hours) the student attended, or was scheduled to attend, prior to withdrawal. All amounts, excluding the Registration Fee, paid by the student in excess of what is owed based on this pro rata calculation, will be refunded.

Should a student submit a Notice of Withdrawal after completing 60% or more of the published program term, the student will not be entitled to any paid tuition funds.

All available refund amounts will be returned to the student within forty-five (45) days after the school receives the student’s Notice of Cancellation.

If the student has received federal student financial aid funds, the student is entitled to a refund of monies not paid from federal student financial aid program funds.

A student may also be asked to withdraw due to inappropriate student conduct, lack of attendance, or any other reason deemed necessary by the faculty and approved by the Campus President. The student will be notified in writing immediately following the determination of the student’s non-continuation in the course and the aforementioned refund policies will apply.

Student Tuition Discovery Fund Disclosures

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution or were enrolled in an educational program within the 120-day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.

4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.
